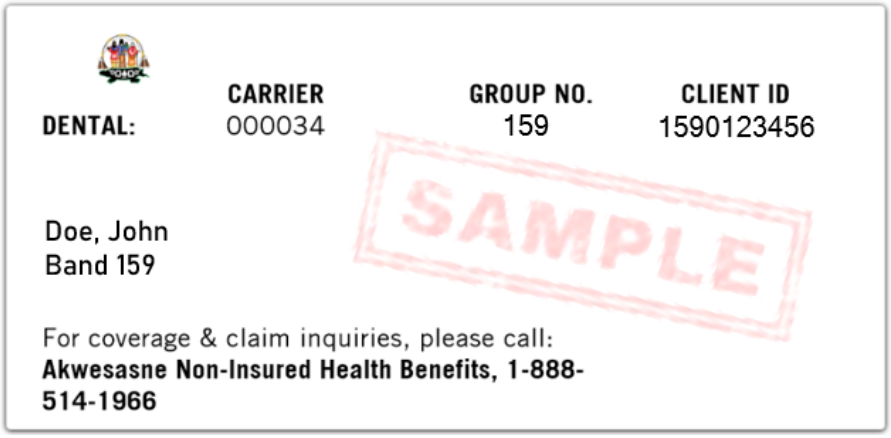
IMPORTANT

New carrier ID for Mohawk Council of Akwesasne

We are pleased to announce that **effective October 1, 2026,** you can now submit electronic claims for patients covered under the Mohawk Council of Akwesasne Non-Insured Health Benefits (ANIHB), using carrier ID 000034 (TELUS AdjudiCare).



TELUS AdjudiCare is a claims processor for multiple third party administrators (TPAs).

If TELUS AdjudiCare is not listed in your practice management software, you will need to add them as a new carrier. If this option is not available in your practice management software, please contact your software vendor or add this carrier ID manually and label it as “TELUS AdjudiCare”.

In the interim, if you have Carrier #000034 set up in your system, regardless of the name associated with this carrier ID, you can still submit claims which will be successfully routed to the correct TELUS AdjudiCare TPA via the TELUS Dental Network (Group B).

If you accept assignment for your claims, you will now receive a cheque or direct deposit from TELUS Health.

Please contact Mohawk Council of Akwesasne for any coverage or claims adjudication related question:

Phone: 1-888-514-1966
Email: nihb@akwesasne.ca
